

The Goodwins' Outdoor Cedar Table Build Plan

Custom Outdoor Workbench & Table Build Specifications

Overview & Features

Designed for outdoor use in Western Red Cedar with a 3-sided protective lip (back, left, right) to prevent tools or items from sliding off. Features slatted drainage top boards, laminated heavy 1.5" legs, a center support beam, and a lower stretcher rail to eliminate racking.

Final Dimensions

Dimension	Nominal	Actual (Approx)
Width	4 ft	48.0"
Depth	2 ft 4 in	28.0"
Height (to Tabletop)	3 ft	36.0"
Lip Height	2 in	2.0" (Back, Left, Right)
